Stallion fees are DUE and PAYABLE when mare has live foal, OR IS REMOVED FROM FARM, OR CHANGES OWNERSHIP. ALL ACCOUNTS, BOTH STALLION FEES AND BOARD BILL, MUST BE SETTLED BEFORE MARE IS REMOVED FROM FARM. It is not a question of doubting anyone's credit or integrity, but a much larger office force would be necessary if we extended open accounts to our many patrons. Bills payable monthly with 1% monthly service charge added to balance over 60 days. If mare fails to produce a live foal, fee will be refunded provided claim therefor is made **IN WRITING** not later than thirty days after mare was DUE to foal. A live foal is one that is able to stand up and nurse. Service fees will be refunded in the event of a slip **ONLY** if the mare has had at least two vaccinations during pregnancy for Equine Rhinopneumonitis (contagious abortion). A veterinary statement giving the date of such vaccinations must accompany the claim for refund unless the vaccination was given at Hanover Shoe Farms.

We reserve the right to reject any mare physically unfit or not clean and fit for breeding, unmanageable or vicious, or any mare that is not as represented on the booking application. No barren mare, or mare that foals under suspicious circumstances, will be bred to any of our stallions without first having such examination and tests as we deem necessary. Mares will be bred in accordance with the U.S.T.A. rule defining how age is reckoned. **NO BLIND MARES ACCEPTED.**

Neither Hanover Shoe Farms, Inc., nor its members, agents or employees, shall be liable for any injury or disability suffered by any horse, from any cause whatsoever, while in the custody of Hanover Shoe Farms, Inc.; and the Owner specifically assents to such condition, and waives all and every claim for damages resulting from such injury or disability.
